1055 Miss - and 3,000

Intro: Righteousness we learn is the thing that makes a nation truly great, not conquest, military might. Justice reigning in a nation puts honour in it. A Righteous administration of the govt. where place is given to rel. & general practice of principals of virtues, these exalt a nation, these uphold a throne, elevate the people of the nation, and qualify a nation for favour with God.

Sin a reproach---if sin degrades heathen nations what does it do to God's own people? We who have clearer revelation, knowledge of our obligations---Sin makes people miserable Vice reigning in a nation puts disgrace upon it.. sin is a reproach to any city, kingdom, or people.

I. EVIDENCES OF THE NEED FOR THIS TODAY ?

Moralit has been forgotten in the politics of the nation.. Men have yet to learn that that which is wrong individually is wrong nationally.

Our nation has gone astray from Him and does not consult X. We do not have time to worship God in our Nation...

Chaplains Report Dr. capenter told of the moral let down around the world by the men in our armed forces--- He told of how the chaplains were working to meet this let down... we now have 423 Chaplains of so. Bap. in active service.

Think of the flow of liquor in our nation... Cap. of the world, France and sweeden 2, & 3rd. tells us we need-----

Many of our nation are Lost----- Jer. "Is it nothing to you, all ye that pass by? We see-----

Many of our nation are in dispair----- "No man cared for my soul" We are more interested in sellin machines, then we are in praying or telling the story of Jesus and his love.

Many of our nation have longing hearts----- "Sirs we would see Jesus"

1. We claim this book-Bible as Gods word.

2. We have the knowledge---Know what the Bible says---

3. We have the program--- Morality crusade on this yr.
 Sunday school board--- cost 70,000 to operate
 one day--- sending literature to 48 states and 66 foreign
 countries and continues to grow..... This one of great
 arms of our baptist work and it is a joy to be a part of
 the board- we will be meeting in Glorietta N.M. in July.

III. BAPTISTS ARE MOVING IN THE RIGHT DIRECTION TODAY

So. Baptist are promoting a great crusade of evangelism
 for all Baptist in the U.S. in 1964.... Northern Baptist
 have expressed their cooperation.

Friday night of our convention our youth work was presented
 Esther and Harry Kong Hawaii, products of our B.S.U. work
 during the summer are now working with students at Ada Okla
 Told how BS.U. had helped them grow as Xtians..

Geo. Tharel, Manager of J.C.Penny store, Fayetteville, Ark
 Pastor said when he left to go to O.U. you will go to the
 devil-But BS.U. & church challenged him. to join the Masters
 minority, to become a tither..... First day as manager I ask

God to give me success, and I begin each day with prayer.
 Knowing that my success depended upon how I lived before
 my employees I open each meeting that I have with them with
 Scripture reading and prayer--- To me this has been the
 difference

Dr. Taylor, dean of Brownwood college, told how some
 people today were not very much interested in rel. on the
 campus. He told of one school where they were having a
 revival meeting- on mon. had a Rabbi to speak on brotherhood,
 Tues, Episcopal- on Community activities, Wed. Catholic
 to preach on world Peace, Meth on Thur. speak on getting
 the churches together----- NO ONE WAS SAVED.
 They didn't want any emotional emphasis on the campus or
 smell of the saw dust trail....

But in Brownwood we call for students to come down to
 the mornurs bench and be saved. This is what one of our
 Baptist colleges is doing....

RUSSIAN Baptist

Miss Claudia Ti Tobia spoke at the youth night... Said there e
 were no special youth groups in Russia as they were not
 permitted to have them among the Baptist.. In all shae said
 they have 100,000 young people in their churches and they w
 work hard for the Lord. For the most part she said the
 young people make up the choirs, and they have some orcharcter
 They get together and sing and play..... she has bee study
 in the english Language for 5 Yrs. and siad t. at their
 young people preach christ crucified

I shook hands with Dr, Jacob Zedkoff. He brought greetings
 in the following fashion. Baptist are 90 yrs. old in Russia.
 since 1905 we have had outside contact with the world... He
 spoke through and interpreter... Do not believe what all the
 empty papers say about Russian Baptist. We are Baptist
 from head to feet There was 28 yrs. we did not have any
 contact with the out side world but our hearts were with
 you... Our Baptist work is experiencing a revival. Every
 Bptist is a worker. Every baptist is a missionary, every old
 R. Baptist is a missionary, every Young R. Bap. is Miss..
 We are preaching Christ and him crucified in Three ways-----
 First, in our churches

Second, in our private homes

Third, individually from soul to soul.

Urged us to pray for the R. Baptist, that they might build
 around the banner of the cross as So. Baptist.

IV. HOW SOUTH NORFOLK BAPTIST ARE RELATED TO THIS TEXT

This convention theme is extended through our church On Thur. Night... 46 new Miss. were presented to the convent before 12,000 people they stepped one by one into a spot light and the second couple to step into the spot light was one of our very own, Mar Alexander and his wife, a thrill of joy passed through my soul as I felt here is one right from our home base like Paul going out to preach the Gospel in unknown parts, her is one that will be an arm of our church reaching out doing God's will, then I turned to look across the great aud. to a large clock on the wall and it was 9 P.M. exactly and I thought according to the clock on the wall it would soon be midnight and total darkness would set tle over Kansas city--- but beyond that the spibitual cloc k of many in the city of South norfolk was nearing the midnight hour, and I thought would the members of our church rise up now and exalt Christ in a way as to turn the tide of unrighteousness.?

Chaplain McKolory said of a chapel one day to a friend who ask about the steeple, it looked strange.... said in our rules it says we can not have any thing permanent in the places of worship that might be offense to other worshippers..... we fixed a cross on the steeple, and the Jewish chaplain objected and we had to saw the arms of the cross off..... Cal. 5:11

of the cross off.....Gal.5:11 When we preach the cross
it offends man - emphasizes the centrality of the
Atonement -

Honourment —

 Bible says, if they not in the word of God & are
 Secure in the cross they are safe in Heaven, if not
 their noble deed was vain.
