The hills are alive with the sound of music, especially the hills at Ridgecrest Baptist Assembly. The music department is led by Miss Gayle Brueck. Under her direction are two choirs, the large choir and the select choir. Through the summer, these groups present several concerts and provide the special music for various programs. For example, the Sunday morning special music for the staff worship service is presented by the select choir, and for the main assembly on Sunday night, the large choir is used. These choirs also join forces at special occasions with the Drama Department in presenting special programs. All in all, staffers find a much deeper understanding and greater appreciation for God's creation when listening to a concert or a song such as MY ETERNAL KING. They find joy in singing together as well as worshiping or playing together. The sound of music not only expresses staffers' happiness, it also helps produce happiness.
