Ella Ready Blount
Hostess

We would not be staffers at Ridgecrest if we had not already established a fairly good name for ourselves. As these critical years in our adult lives bring us more responsibilities, certainly these years will be the period in which we as Christians establish our reputations - be these good or bad - in today's ever-changing world.

Happiness is not necessarily the result of material wealth. Certainly most of us at Ridgecrest do not have material wealth; yet most of us will never experience a more joy-filled summer. Our "great riches" are in a different form, such as the satisfaction of a job well done. The most important reward is Christian growth which is provided by the Christian atmosphere that is a part of Ridgecrest. We as staffers are also rewarded with the growing knowledge of God's love; the love of Mom and Dad; the friendships with other staffers; the hikes to see a sunrise on Mt. Kitasuma, etc.

One's individual qualities are really tested at Ridgecrest because of the high standards of conduct held by the Assembly. One will not see the need of these standards unless he holds his Christian ideals very close to his heart. To stand up under this test is the mark of a real Christian, and thus rewards the Christian with a good reputation.

LET US REMEMBER THE WORDS EXPRESSED IN PROVERBS 22:1, AND MAY WE USE THE SPIRITUAL STRENGTH GAINED FROM RIDGECREST THE REST OF OUR DAYS!
